

Horse Structure and Movement Series

At the Jester Park Equestrian Center

Jan. 24, 2010 and Feb. 21, 2010 Time: 1:00 – 3:00

The cost is \$10.00 per session or \$15.00 for both

Have you ever asked yourself any of the following questions?

Why does my horse move the way he/she does?

How does my riding affect his/her movements?

What is my horse built to do?

The Horse Structure and Movement Series at the Jester Park Equestrian Center will help you move toward an understanding of horse conformation and movement.

Please join us at the Jester Park Equestrian Center on:

Sunday, Jan. 24 topics include:

Basic conformation of horses

Breed specific conformation variances

The horse's body type and what he/she is built for

Body structure knowledge to maximize performance and health

You will also have the opportunity to "judge" a conformation class.

Sunday, Feb. 21 topics include:

Form to function

To jump or not to jump – or what are the physical capabilities

A balanced horse is a happier horse

-aspects of saddle fitting and rider position

How to present your horse at the halter

Please complete the form below and mail to Jester Park Equestrian Center at 11171 NW 103rd Court, Granger, Iowa 50109.

Name: _____

Address: _____

Number of people attending one session _____ x \$10.00 = Total paid _____ or

Number attending both sessions _____ x \$15.00 = Total paid _____
